

IPS e.max - A to Z

All Ceramic Restorations

February 18, 2010 at 6:00-8:00 pm

This educational seminar is specially designed for Dentists; to introduce and educate about innovations in all ceramic restorations. One of the most versatile and aesthetic ceramic materials on the market today is IPS e.max. The information provided will be for Dentists who are both newly interested and for those who are familiar with this type of ceramic pressed restoration.

The technical information contained in this seminar will include:

- General information (statistics, scientific research and facts),
- Bonding/Cementation materials, Multilink
- Prep designs,
- Techniques,
- Communication with the laboratory,
- Receive 2 CE Credit Hours.

Guest Speakers:

Paul Lessing CDT
Technical Rep.
Ivoclar Vivadent

Miky Stewart
Clinical Rep.
Ivoclar Vivadent

Learn how Ivoclar's IPS e.max provides the aesthetics, reliability and price while being one of the most competitive materials on the market today. This detail-oriented seminar will give you tips that will save chair time for you, patient's time and the finances you spend on remakes.

Space is limited to this complimentary event. Please RSVP by February 11, 2010.
Food and Drinks will be provided.

Location: Tualatin Dental Care at 8375 SW Warm Springs St. Tualatin, OR 97062
